

PERFECT PAIRINGS OUTSIDE

wattyl®

PGH BRICKS & PAVERS™

CSR

WHIMSICAL

Texture Tip

Greys are a popular choice for exteriors — they show less dirt and reduce glare. Used on a mix of materials — from weatherboard to corrugated iron — they create a sophisticated tonal palette.

This uplifting paint palette of washed pinks and greys, suitable for both coastal and urban locations, imparts a sense of calm and whimsy. These weathered pinks and greys, plus the cooling neutral, introduce a fresh contrast to the natural texture of the bricks.

COASTAL

4

Fresh, coastal hues of *Astor White* and *Kinfolk* are the perfect pairing for the soft, greyed driftwood tones of *COLORBOND® steel Dune®**. The salt-washed patina of the bricks, together with the authenticity of the weatherboard cladding, further enhance the effortless beachside vibe.

Colour Tip

Create a fresh, coastal vibe by pairing classic whites with beachside hues of blue and sand.

NATURAL NEUTRALS

Colour Tip

The Australian landscape is the perfect place to start when looking for inspiration — this colour palette blends with the natural environment and blurs the line between indoor and outdoor living.

6

Credits: Bricks — PGH Bricks Morada Ceniza Linear (foreground), PGH Bricks Essentials Heathwood (background). Cladding — Cemintel Balmoral 150mm Weatherboard painted with Watty! Solagard in Dhimba. Pavers — Travertine Light Classic French Pattern Set Tile by National Tiles.

The muted earthy hues of *COLORBOND® steel Pale Eucalypt®**, *Light Earth* and *Dhimba* are inspired by the natural environment and sit comfortably with the raw texture of the bricks. This palette strikes a balance between traditional architecture and the natural beauty of the Australian landscape.

HAMPTONS

8

The deep ocean blue of *Mystic Bay* and the warm grey of *Bubbling Mud* give this classic Hamptons palette a very distinct Australian style. The crisp white of *Calcium*, alongside the sun-kissed texture of the bricks, creates the perfect setting for classic Hamptons decorative elements such as rattan, mid-tone timber, leather and stone.

Colour Tip

Deep ocean blue and soft grey are teamed with a fresh white to add a distinctly Australian vibe to this classic Hamptons palette.

Decking — Spotted Gum decking in Wattyl Forestwood ProDeck Oil in Natural.

MID-CENTURY

Texture Tip

Low sheen is a great finish for cladding and render surfaces in a low-reflective finish. It is easier to clean than other flat finish paints.

10

Designed to highlight the structural elements of contemporary design, the use of *Dobson* creates a stark contrast with the deep charcoal of **COLORBOND® steel Nightsky®***. *Safe and Sound* provides a beautifully grounded neutral, while the black gloss of the bricks injects a sense of strength and drama.

Colour Tip

Dark charcoals can be given an added air of sophistication with the introduction of earthy, rustic hues. They also create a perfect backdrop for lush foliage.

Create a striking urban architectural statement with the combination of *Grey Ember* and *COLORBOND® steel Monument®**, alongside the warm, earthiness of *Lavish Tan*. *Magic White* provides a breathing space between these strong hues, while the contrast in the texture and colour of the bricks further enhances the aesthetic.

MODERN

14

Capturing the essence of Modern design, this palette of a deep neutral in *Pitchstone*, and the richness of *Black Tied* contrast beautifully with the stillness of *Cold Rush*. The flinty greys of the two styles of brick impart bold, yet simple sophistication.

Colour Tip

A slick tonal palette of deep greys captures the essence of modern design, bringing simplicity and subtle sophistication to the exterior aesthetics.
